among Tammany men in the Twenty-fifth District over the appointment of "Con" Roche as subpoena server, at \$1,200 a year, by District-Attorney Fellows. Roche is a liquor-dealer who has a good in ome from his business, and there is double dissatisfaction because the place was given to a man who did not need it, and because a man who did need it was discharged to make room

for him.

Roche keeps a saloon at One Hundred and Fifth street and Third avenue, and is the President of the old Twenty-seventh Precinct Liquor-Dealers' Association. He was a candidate for the Tammany nomination for Alderman at one time.

time.

Roche is a sub-leader, who looks after petty patronage. He has been promising positions to piace-hunters for some time. The first "good thing" that came along he took himself. Therefore the feeling against him and the organization, his partner in the deception, is all the more bitter.

Dufferin. Daughter Married.

(By Associated Press.)

PARIS, June 4.—Lady Victoria Black-wood, the youngest daughter of the British Ambassador, the Marquis of Dufferin, was married to-day to William Lee Plunket, eldest son of Lord Plunket, Archbishop of Dublin. The father of the British Parllament who growed have desired the relations of Dufferin, was married to-day to William Lee Plunket, eldest son of Lord Plunket, Archbishop of Dublin. Filmsy Excuse Offered for Short

Supply and High Prices.

The sale of anthractic coal at \$4.50 per ton, delivered anywhere in New York or Brookiyn, will be continued for the present by "The World," and no consumer is compelled to submit to the extortion of the dealer's combine.

The insolence and impudence of the combine in continuing the exorbitant schedule of prices in the face of the demonstration of "The World" that it is extortion, is astonishing.

The nerve of the combine in first declaing an increase in the prices because the bituminous coal miners are on strike and there is a consequent increase in the very same meeting and in the next breath deciding not to mine so much coal during the month of June, because it is Summer and the demand is failing off, is simply marvellous.

But no householder need suffer from this action of the combine. "The World" will fill all orders left at the World" will fill all orders left at the world" will fill all orders left at the world will fill all orders left at the world will fill all orders left at the look of this, retail dealers who haul coal only to their neighborhood trade, short-tolistance hauls, can afford to sell the fuel at even less than that, and that \$5.25 per ton is simply robbery.

Dr. Batter Gets His Dog.

Comedian Thomas Q. Seabrooke has just been made a present of a handsome yacht called The Tabasco. A warm admirer and friend in Philadelphia is the giver. In a characteristic leiter accompanying the present; this gentleman writes, among other things, to Mr. Seabrooke: "Tommy, there is one request that I have to make, and that is, if an accident should occur, hold fast to your boat; don't attempt to swim ashore, no matter how close it may be, as that is invariably the way people are drowned. Those who cannot swim are seidom drawned. Bear this in mind." This is rather funny advice to give to O'Grady, the only man alive who ever saw McGinty at the bottom of the sea.

While the plaudits for Vesta Tilley, whose farewell night it was, were still ringing through Tony Pastor's Theatre last Friday night, Manager Harry Sanderson sent for his advertising man and said: "This is a great night, Eddle, but we must not forget business. The King is dead; long live the King! Get out some of those three-sheets of Bessie Honehill and put them on the boards in front of the house before the audience goes out." And Harry smiled. When the audience filed out the Bessie Honehill three-sheets were there.

Richard Mansfield sneaked off to London the other day and is now there, looking for new plays. Mr. Mansfield, it is known, will not be seen next season in any of his old plays. He made this determination before he left. Just what dramatic material he has his eye on we can't see, but he must have something good in sight when he shelves his whole repertoire so summarily.

Ida Mulle, the petite prima donna, ha been engaged for Summer opera at At lantic City.

"The Amazons" season at the Lyceum Theatre will end on Saturday night. The company will have its first vacation in two years, this being the year it does not go to the Pacific coast, which territory this Summer will be pre-empted by the Empire stock, the Lyceum going thence a year from now. Daniel Fromman, Miss Frohman and E. H. Sothern, go to England on June 6. Ferdinand Gottschalk, Mrs. Whiften, Misses Georgia and Alice Cayvan, Rowland Buckstone, Vincent Sternroyd and Herbert Kelcey also go abroad for their vacation. W. J. Le Moyne, Fritz Williams and the Walcots go into the country. The company cots go into the country. The company reassembles at Chicago on Aug. 13.

shipped to New York Saturday he followed and found they were sent to Mr. Loewell, who fents a room from Schwarzchild & Sulzberger, at Forty-fourth street and East River.

He waited until the cows had been killed and the lungs tested by the Rabbi butcher and the quarters stamped Kother. After that the meat was selved by the Inspector, and the examination that followed showed the lungs to be badly affect d.

Inspector Mars reported the selzure of the beef to Sanitary Inspector Roberts this morning, who laid the matter before President Wilson. An investigation will be made to ascertain whether or not any other cattle in Mr. Wright's herd are suffering from the disease, and if so the attention of the State Board of Health will be called to the matter.

Inspector Mars insinuates in his report that Mr. Wright must have had some knowledge that the cattle were diseased and it is not, therefore, at all improbable that some legal steps will be taken to punish him.

During the last two months there have been three instances where Kosher beef has been condemned, and the health officers are careless in their examination, and that a closer supervision should be exercised by the health authorities.

city, and Broadway, Williamsburg, while crowded with passengers, ran into the side of her Broadway slip. The accident was caused by the heavy inrushing tide. The force of the impact threw half the passengers off their feet and caused some excltement. None was injured, but several piles of the pier were demolished. A fire broke out on board the ferry-boat Orange while she was in midstream of North River last night about 16 o'clock. The Orange piles between Barciay street, this city, and Hoboken. Somebody yelled that the hold was on fire and it created a panic among the women and children. Two women fainted. Beveral people were slightly bruised in the excitement.

The boat was stopped and a blaze which had occurred by soot taking fire in the smokestack was extinguished.
